MULTITUDE VIEWS PET PARADE LAST FRIDAY

Event More Elaborate
This Year; Ribbons
Awarded

Niles Pet Parade, now an established fall event, transformed First street into a galaxy of banners, colors, children and pets Friday morning after diligent preparation for the event had occupied grammar school teachers and children the better part of a week.

Starting on the dot of 9:30 a. m. the retinue, led by the Washington Union High school band, formed a colorful line from E' street to Eye, where it turned and proceeded back to the school.

With the forty-eight-piece band out in front under the supple leadership of Ramona Mello, the procession came in class formation. Each instructor had charge of her class, and maintained a vigilant eye on both the children and animated participants. Of the latter there were literally hundreds. Dogs, cats, chickens, goats, horses, canaries, parrots and every conceivable animal were being carried, wheeled or led by the children. Banners proclaiming each class, and lesser placards sporting animated drawings of pets dotted the ranks. The national and state colors were entrusted to the new Niles Boy Scout troop, out in full uniform.

The variety of diminutive floats and designs beggars description. Outstanding from the spectators' point of view were several—one, "Mills Brothers," four black faces in an old buggy, was particularly amusing. "Frank Buck's Wild Animals," a group of kittens in a cage, was a bit of unprepared satire. Dogs in sweaters

looked askance at cats in bibs and tuckers, roosters and puppies clutched in small arms emitted doleful clucks and wails.

"The Niles Quintuplets," five grey kittens, created much mirth, as did "The Robot," "The Dog and Cat Hospital," "Navy Day" and innumerable other unique creations.

Immediately following the parade, the three judges, E. E. Glassbrook, A. J. Petsche and H. L. Scott awarded the ribbons at the grammar school. In all, 225 awards were made. Among the class groups, Miss Bunker, Miss Mackey and Miss Chenery, seventh, fifth and second grade instructors respectively, received first awards for class arrangements.

The Niles Pet Parade is sponsored annually by the Niles Grammar school in connection with the Latham Foundation for humane education. The Niles school was the first in Alameda county to accept the foundation work as a part of the curriculum. Value of the teaching is beyond criticism. Principal Bristow, highly pleased with the event, lauded the children for their splendid conduct. He also thanked the community for its intense interest in the fete, and the parents for their cooperation.

The parade will continue to be an annual feature in the list of school events here.

The Niles Parent-Teachers' association is also to be given a great deal of credit for the outcome of the colorful event. Mrs. R. Woodward and Mrs. J. Zwissig were judges chosen by the organization. The local chapter assisted materially in defraying the expenses of the day.

WOMAN HURT WHEN CARS CRASH IN FOG SUNDAY

Three people were hurt, one painfully, when cars driven by Charles R. Hall, of Berkeley, and E. E. Harmon, of Tennyson, collided in a heavy fog early Sunday morning on the highway north of Niles.

The crash is said to have occurred when both drivers became confused in the mist and left their respective lanes. Hall was driving from Oakland. He suffered numerous bruises. A Mrs. J. L. Dunstan, riding with Hall, sustained a severe cut on the forehead, and extensive bruises. Both were treated by Dr. E. C. Grau.

Harmon, said to have been considerably shaken and bruised, refused medical attention. Both machines were badly damaged.

WINIFRED AZEVEDO, T. PEREIRA, WED AT SACRAMENTO

A complete surprise to their numerous friends throughout this district, Miss Winifred Azevedo and Thomas Pereira, both of Mission San Jose, revealed their marriage at Sacramento last Friday.

The young couple had driven to the home of Pereira's sister in the capital city, and had been married from there. They returned to Washington township Sunday.

Among a series of fetes planned for the newlyweds was one in Niles Sunday night given by Mrs. Manuel Swartz, sister of the bride.

Mrs. Pereira was graduated from the Washington high school last June. Pereira, also an alumnus of the local high school, is widely known in this district. They will make their home at Mission San Jose.

No less startled at the news was the Township Register staff, of which Mrs. Pereira is a member. She has been Mission correspondent for some time, and her work has been thorough. She states that she will resume her journalistic duties next week.

SUGAR BEETS WILL BE IMPORTANT CROP HERE

The importance of the sugar beet as a summer crop in Washington township was stressed recently by T. O. Morrison, county farm advisor, and officials of the Alameda County Farm Bureau. The official holds that the crop is not only a quick one with a ready market, but that the planting of beets actually improves the soil on which tomatoes, spinach or cauliflower have been grown the previous season.

Eighty-five thousand acres have been allotted to California for the sugar beets by the federal government, and if a large refinery is moved here from Idaho, as is forecast, the allotted acreage will be increased 10,000 acres. Growers signing the contracts will be limited to planting 85 per cent of the acreage planted to other crops in 1933-34.

E. E. Dias, Joe Gomes and Ralph V. Richmond were among Niles hunters to bag their limit of ducks on the opening weekend of the season.

MOTORIST HELD UP BY COUPLE AT MISSION TUESDAY

Girl Bandit; Companion Take Car, Cash Of San Jose Man

Flagged down at the point of a gun Tuesday night at Mission San Jose, N. A. Barton, of 310 South Tenth street, San Jose, was held up by a girl and a man companion who later dropped him off in San Jose and made off with his car and \$1.50 in cash.

The pair got into his car near the Mission and ordered him to drive back toward San Jose. Just outside the city limits the duo shoved Barton from the drivers seat with a cheery "goodbye" and the word that he would find his car in Santa Cruz, left their victim standing in the road.

Barton reported his adventure to the authorities of both Alameda and Santa Clara counties with a good description of his unwelcome passengers.

W.P. TRAINS ROUTED THROUGH NILES EARLY MONDAY

Western Pacific trains were temporarily routed over the Southern Pacific rails through Niles Monday when the wreck of a freight train at San Leandro blocked the main Western Pacific line into Oakland.

The crash, which is said to have occurred when someone tampered with a switch, wrecked the locomotive and thirteen cars. About fifty sheep and cattle were killed.

Engineer Harry Jones, Fireman H. F. Vandervort and brakeman E. W. Thomas all escaped injury, as did two itinerants, riding the train. A careful search of the wreckage showed that no others had been on board. Trainmen stated that a number of tramps left the train at Niles.

Harry Rowell, well-known catman, took charge of the surviving cattle and sheep until arrangements could be made for their delivery.

LOCAL DEMOCRATS HEAR SPEAKERS FOR SINCLAIR

Quiet mobilization of many Niles citizens behind the Democratic ticket is seen following a meeting at the old I. O. O. F. hall Monday evening. More than 100 people gathered to hear an address by L. Conklin, of Oakland, long-time friend of Upton Sinclair, Democratic candidate for governor.

Conklin, an intelligent and well-informed speaker, told the assemblage of the Democratic platform, and pointed out the basis of alleged opposition lies and propaganda. He carefully outlined the present economic crisis, and made clear the reasons why conditions are not improving.

A. De Long, Hayward Democratic leader, and Hugh Coll, of Irvington, were instrumental in arranging the meeting.

Mrs. Clarence Waldner, of Taft stopped for a brief visit with her mother last week-end. Mrs. Waldner came north to meet her husband, Clarence Waldner, who has been ill at a Berkeley hospital. He returned to Taft.

HIGH SCHOOL PLAY TOMORROW NIGHT AT W. U. H. S.

"The Whole Town's Talking," a farce comedy in three acts, will be staged by the Washington Union High school student body in the high school auditorium tomorrow night. Preparation for the production has occupied the cast for several weeks.

The play gains its interest and humor from a pre-martial tangle caused when Henry Simmons, (Emmanuel Maciel) business tycoon, attempts to marry off his daughter to Chester Binney, (Harry Cesar). To further his nefarious plan, Henry makes Chester his partner and circulates the rumor that the latter has had an affair with Letty Lythe, notorious actress, (Betty Robinson). Naturally, the whole town talks.

Ethel Simmons (Margaret Wells) returns from Paris, quite snooty and with no interest in Chester until she discovers his alleged affair with the famous Letty. Then she evinces a desire to be noticed, and all goes well, much to Henry's delight, until Letty arrives on a personal appearance tour, accompanied by her jealous fiancé (Walter Rose). She learns of the deception using her as a cat's paw, and demands an explanation. Intrigues follow of the most ludicrous sort.

Others in the cast are: Lawrence Gonsalves, Ramona Mello, Kathryn Rathbone and Inez McNally, Edna King, Edith Meneze and Alton Jennings.

COURT OF HONOR FOR NILES SCOUTS ON NOVEMBER 22

With the enrollment boosted to nineteen by the addition of five more boys, the Niles Boy Scout troop held its second regular meeting at the scout house last Thursday night under the guidance of Clarence Crane, new scoutmaster.

Scouts who attended for the first time last week were: Tom Bunting, Charles Myrick, Vernon Ellsworth, Nick Paris and Earl Richardson. The latter is a transfer from the Hayward troop. Ellsworth and Myrick, who have been sea scouts, plan to return to the Niles organization.

The main activity of the evening was the formation of three patrols; the Eagle, Beaver and Rattlesnake, and the appointment of patrol leaders of each. John McGowan will be head of the Eagle patrol, with Myrick as his assistant. Julius Pine and Bud Mello are the leaders of the Rattlesnake unit. The Beaver Patrol will be led by James Silva as patrol leader and Harold Wiseman as assistant.

Plans for a troop court of honor were laid, the event to take place on the regular meeting night, November 22. There will be five tenderfoot awards and two life-scout awards.

Scoutmaster Clarence Crane, pleased with the progress of the troop, reiterated his determination to make it one of the best in the council. He was assisted at the meet by Committeemen Frank Nunes and Frank Ferry.

EDITORIAL COMMENT

By NORMAN H. PARKS, Publisher Register

WE'RE ALL AGREED!

Cry Baby Creel, among those who "also ran" in the late primary, beneficiary of the Teapot Dome oil steal, and late head of the NRA in California, in an interview in Washington said that his candidacy for the governorship was a great mistake. His admission of that well known fact, makes opinion unanimous.

THE DIRTIEST CAMPAIGN ON RECORD

The writer has gone through many campaigns that were anything but gentlemanly and fair. He has fought some good fights himself, often with his gloves loaded with horseshoes and the like, but the present gubernatorial contest, for defamation, slander, dirty lying, contemptible tactics, passes anything that it has been his misfortune to witness.

It shows to what lengths entrenched greed will go, when a real, powerful and sincere threat is made to crush its selfish lust and take away from it its unfair and undemocratic privileges. It has been reliably estimated that public service corporations, banks, and gigantic concerns of every kind, have raised a slush fund of ten millions of dollars to win the present election for Militiaman Merriam.

Every newspaper in the state is receiving "fat" advertising orders. In some instances the money has been sent in advance with the cryptic notation that "later on" copy will be received. Rather thinly-veiled attempt it was to bribe the papers in advance—let 'em know that the "boys" are going to take care of them, and not to kick over the traces. Thousands and tens of thousands are being spent with the newspapers and the billboards. The radio is getting still a greater part of that ten million. Anyone who has an ounce of influence can sell it to the Militiaman Merriam's campaign managers. The sky is the limit and they are out to either buy the election or scare the California voter into perpetuating for another four years an incompetent, privilege-reeking regime.

The paid emissaries of desperate capital have gone too far. They have attempted to throw the state into political hysteria, by making charges so wild and fantastic against the Democratic nominee that the tide has again lifted his craft free from the rocks of misrepresentation and slander, upon whose jagged edges it appeared for a time to be breaking to pieces, and on November 6 it will safely make the Harbor of Victory.

The parrot-like repetitions, on radio, billboard, the press,—and sad to relate, in the pulpit, also—has lead the average citizen to question the truth, the sensibleness, the reasonableness of the charges hurled at the quiet, gentlemanly Sinclair. The spirit of fairplay, to which most of us are more or less wedded, is altogether lacking and the wild nature of the dire predictions, which a week ago brought a look of apprehension, now excite derision. The public is sick and disgusted with being underestimated intellectually, and the brazen assumption that it can be scared with jack-o'-lanterns or newspaper slabdash is resented by an awakened public consciousness.

Personally the writer feels insulted at the mass of stuff that reaches his desk every day. The pictures might frighten a five-year-old child, and the text matter influence an idiot, but to assume that upon one of ordinary intellect the desired reaction would be gained is just too silly for words. We wish these publicity clowns would let us alone for the rest of the campaign. We do not like to be played for an imbecile, even if Merriam supporters do believe the public to be generally damnfools.

We know a lot of newspapers in California whose editors could not raise a thousand dollars cash if their lives depended upon it, and who never in their long careers had that much money on

GRIDIRON CLASSIC MAY BE REVIVED THIS SEASON

Interest is running high among football fans in Washington township this week following the well-founded rumor that there may be a post-season game this year between the ancient and traditional rivals, Washington and Hayward. The contest will be arranged through the efforts of the Centerville and Hayward Lions Clubs.

For many years the "big game" here was the annual gridiron battle with Hayward, until the latter team graduated into faster company, Washington, with one of the most effective eleven in its history, will bid fair to topple the Eden city aggregation if the game is played.

Forgotten for several years, the annual rally may be revived this fall if arrangements are completed.

On Armistice day, either Sunday or Monday, the Washington Alumni will meet the Amador Alumni in a struggle on the Centerville field, according to word received Tuesday. The Amador eleven, sponsored by the American Legion, is planning a regular schedule it is said.

CHAMBER OVER TOP IN BOY SCOUT FUND DRIVE

Conclusion of the Niles Boy Scout fund drive, noted at the Monday meeting of the Niles Chamber of Commerce, brought the total subscription for the town to \$136.25, according to E. Dixon Bristow, local chairman. The sum may be somewhat increased by belated collections, the speaker said.

Pointing out that although the total fell short of the stipulated \$260, Bristow stated that the amount subscribed and pledged was a goodly sum, and that he and his assistants were indebted to civic workers for their assistance. They money will be turned over to Dr. G. S. Holeman, of Centerville, who will place it in the hands of scout officials.

Prior to Bristow's talk, E. T. Glassbrook, chamber scout fund committeeman, reported that members of that organization had contributed \$49.50, and that pledges for further sums would swell the amount to more than \$60.

Requested to make some comment on the Pet Parade, sponsored by his institution, Grammar School Principal E. D. Bristow told the civic group of his complete satisfaction with the event. He discussed the value of the parade and of humane education for children in the formative period, and praised the cooperation of the parents and public. He officially thanked the three judges—A. J. Petsche, H. L. Scott and E. E. Glasbrook—for their work in the distribution of the awards. Bristow also announced a bird house building competition in which his school will participate during the week beginning November 15. The contest will involve a number of Alameda county schools.

Among guests at Monday's meet were Gordon B. Liang, county agricultural commissioner, Roger Coit and A. Magannini.

CAKE CONTEST TO TAKE INTEREST OF PUBLIC NOVEMBER 9

Unique Afternoon Will Be Sponsored By Country Club

Unique in Washington township, and gaining daily in local interest, the Country Club Cake Contest, slated for the afternoon of November 9, is forecast as one of the season's most successful undertakings, according to Mrs. Roland Bendel this week.

Rules for the contest, in which south county housewives are urged to participate, open the competition to all except professional bakers, Mrs. Bendel said. The awards will be made on general appearance, aroma, evenness of baking and flavor of the cakes. Size or neatness of decoration will not bear in the decisions. Martha Lee, home expert, will be the judge.

There will be thirty prizes and a number of door prizes. The cake will be sold to the public after the competition. Other home-made foods will also be offered.

The event will take place at the Club House in Centerville, between the hours of 1 to 5 p. m. on November 9.

The car was badly damaged. No one was injured. Identity of the driver was not made known.

HUSKIES TOPPLE HOLLISTER J. C. LAST WEEK 20-6

Meet Pleasanton There This Afternoon In League Contest

Another big one fell hard last Thursday afternoon, when Washington high's Huskers took the measure of the Hollister junior college with a decisive trouncing. The local lads piled up a total of 342 yards to win 20 to 6.

Pacing a bigger and uglier eleven than any to date this fall, Regli's warriors were slow in getting started. The first score came in the second quarter when Al Muniz whisked across the final stripe. Muniz added another one a few minutes later to end the half with the tally at 14 to 6. The Hollister team had scored once in the second quarter after a sustained drive from the forty-five yard line. The scoring play sliced over the Husker right tackle.

The second half of the game was almost ticked away when Ed Rose, able Husker half, ripped off twenty yards to score in the final minute. The conversion went wide.

Al Muniz, one of the best all-around ball carriers ever to wear the orange, performed in his usual steady style. Medeiros tallied 17 yards in eight trips. Ed Rose totaled fifty yards with six tries. Boyce, at quarter, has the makings of a fine open field runner in addition to his wise selection of plays.

In the line Amaral, Dinsmore, "Wimpy" Manuel, Phippen, Sinclair, Durham, Silva, Duarte, and Jorgensen turned in steady games. Durham, blond and growing like a weed, will be heard from plenty next year.

This afternoon the Huskers will play Pleasanton at Pleasanton.

Goodrich, of course, guarantees the new Safety Silvertown passenger car tire, with the Life-Saver Golden Ply, for a full 12 months (business use, 6 mos.) against accidental damage due to cuts, bruises, blow-outs, rim cuts, faulty brakes, wheels out of alignment, and ordinary wear and tear as specified in the written Certificate of Warranty given with the purchase of every Goodrich passenger car tire. Farley Backs Upton Sinclair

Sees Cooperation of State and Federal Government Units

By CULBERT L. OLESON,
Chairman Democratic State Central Committee.

As the day of election approaches, let me appeal to the voters of California, through the fairness of their newspapers, for calm consideration of the issues involved.

First, only by election of the entire Democratic ticket can California show its faith in President Roosevelt. I have just returned from a trip to Washington, and I can assure you that the administration is for us.

There is only one major issue: Are the unemployed and poverty stricken citizens of this state to be allowed to work their way back to financial stability, or are we to continue with four more years of mis-rule, or until that time predicted by our Republican state controller, Ray Riley, when the state will face a \$90,000,000 deficit and a complete breakdown of government?

If you favor a drastic attempt to remedy conditions you will vote the Democratic ticket straight, commencing with Upton Sinclair for governor and marking your Democratic candidates for all other offices.

The campaign, especially in Los Angeles, has been marked by misrepresentation, trickery and intimidation on the part of our Republican opponents. On the other hand our loyal workers have been spurred on by indorsements from such notable persons as James A. Farley, chairman of the Democratic National Committee; Milton K. Young, Democratic nominee for governor in 1930; Dr. Zachary Taylor Malaby, Hon. William J. McNichols and Hon. William H. Evans, Democratic leaders who were candidates for governor in the primaries.

The state-wide radio poll of Station KNX shows Sinclair leading Merriam by a vote of 2½ to 1.

We are in the fight to win. While millions are being spent by the special interests to defeat us, we feel sure the California electorate is not for sale. A few disgruntled former Democrats have left our ranks, but hundreds of thousands of true progressives have joined us in this crusade of the people to wrest the control of their government from the agencies of sordid financial interests now in control of our state. All mercenaries in politics are in the Republican camp. We can and will win, but it will be necessary for every vote to be cast and counted.

With California on the verge of bankruptcy and breakdown of government, on admission of our Republican state controller, and with our opposition offering no way out of the difficulty, the only answer is a Democratic landslide. Let us have it.

We have neither the means nor the desire to carry on a

campaign such as the opposition is conducting. We rely upon calm thinking and a realization by the masses of the people that their only hope of a righteous government and economic order and progress lies in the election of the Democratic ticket.

Let me conclude by quoting from a letter from National Chairman Farley, who says:

"By electing Hon. Upton Sinclair, your popular Democratic candidate for governor, California will have a combination of leaders in Washington and in Sacramento who can co-operate in the best interest of the people of the state and the nation. Each voter owes it to himself to vote not only for Senator Johnson and Sinclair, but for the entire Democratic ticket."

1. When does ½ Off begin to apply?

With the bill for electricity used after the December, 1934, meter reading.

2. Who gets it?

All domestic and commercial lighting customers who have been customers at the same location of last year.

3. How do I benefit?

Perhaps you have been using electricity sparingly. Now you can use TWO DOLLARS more of electricity each month than last year and it will only cost ONE DOLLAR.

4. Must I add new appliances?

NO. However, each new electric appliance you install that would normally take EXTRA Electricity at full rate can now operate at half cost.

5. How do I apply?

No action on your part is necessary. The rate automatically applies to all who qualify.

One-half Off means this: That the amount of money by which your bill for any one month at same location exceeds your bill for the corresponding month a year back will be discounted 50%.

6. How does the rate work?

Your monthly bill will show that the normal cost for any electricity used in any month in excess of amount used in corresponding month of previous year has been cut in half.

7. Can you give an example?

Say your bill in January, 1934, was \$3.00. You install an electric refrigerator, an electric heater and a new lamp. Your January, 1935, bill is \$6.00. You have EXTRA Electricity to the amount of \$3.00. You get a ½ Off discount of \$1.50. The bill you pay in January, 1935, will therefore be only \$4.50.

8. Does electric equipment installed through a Federal Housing Act loan give me this bargain rate?

Yes. This rate also applies to the use of additional equipment you install. This should be an extra inducement to you for obtaining a F. H. A. loan. See any banker.

9. How long will ½ Off be in effect?

Throughout our system for 12 months ending with the meter reading ending December, 1935.

10. Why was this ½ Off rate made?

To see if a bargain rate would cause a more liberal use of electricity, and take up part of the large power surplus in Northern California.

IMPORTANT!

It is hoped and expected by this company that this ½ Off rate will so stimulate use of electricity as to justify a reduction in the regular schedule.

Why Liquid Laxatives Do You No Harm

The dose of a liquid laxative can be measured. The action can thus be regulated to suit individual need. It forms no habit; you need not take a "double dose" a day or two later. Nor will a mild liquid laxative irritate the kidneys.

The right liquid laxative will bring a more natural movement, and with no discomfort at the time, or afterward.

The wrong cathartic may often do more harm than good.

An approved liquid laxative (one which is most widely used for both adults and children) is Dr. Caldwell's Syrup Pepsin, a prescription. It is perfectly safe. Its laxative action is based on senna—a natural laxative. The bowels will not become dependent on this form of help, as they may do in the case of cathartics containing mineral drugs. Ask your druggist for Dr. Caldwell's Syrup Pepsin.

deposit, shouting it up lustily for the millionaire's choice for governor, printing all the rubbish sent them—the pictures and all—on the ground that Sinclair is a menace to vested interests. Where, the good Lord knows, is that menace? Those editors have never made a decent living in their lives and so far as "vested interests" are concerned they have none. Unless Sinclair's old age pension goes through many of these editors will be panhandling the printers and the profession generally from one end of the country to the other, a few years hence.

That's it, folks. Let the big boys vote their ticket, and we, ours. The capitalists should go down the line for Militiaman Merriam. He's their man, and he'll stand without hitching. On the other hand the unemployed, the casually employed, the workingman with a job or the small business man, all of them almost as bad off as the man on charity—should vote for Sinclair, and stop being made into jackasses by "our best citizens," talking the talk of capitalists, while skating on the thin-ice of bankruptcy.

DUARTE'S HOME RUN BEATS NILES 4-1 HERE SUNDAY

Revenge themselves for a 9 to 8 defeat last week, the Centerville Garintees hammered out a 4 to 1 victory Sunday over the Niles C. of C's in a hard fought game on the Niles diamond.

The winning runs were chased across the plate in the fifth inning, when Tony Duarte, playing with the Centerville nine, poled out a homer with two men on base. The score had been tied at one all up to that time. Niles had men on base many times during the game, but was unable to come through with the necessary hits.

Duke, Niles pitcher, allowed seven hits and four runs. He struck out twelve. Davis, Garintee hurler, fanned nine, allowed ten hits and one run. Anselmo and Ray Duarte were the leading hitters for Niles with three and two hits respectively.

Can We Have A Clean, Honest STATE GOVERNMENT?

UPTON SINCLAIR

Quiet, Undemonstrative, Determined-

Says **YES!**

California's reactionaries, panic-stricken in the face of the first intelligent threat to their monopoly of state offices, and aghast at the indications of public disapproval, are waging the basest campaign in the history of the nation to defeat Upton Sinclair, Democratic candidate for governor.

Among the most obvious perversions of fact is the report that unemployed in California will be put to work on farms financed by the state, the products of which will then be sold in competition with goods produced by the permanent and solvent farmers. **THIS IS A VICIOUS CAMPAIGN LIE.** The products raised by the unemployed, or manufactured by them, will **NEVER TOUCH EITHER THE WHOLESALE OR RETAIL MARKET.** Such products will be totally consumed by the unemployed, through a system of exchange arranged by the state. The unemployed, on charity at present, are nobody's customers. They buy nothing.

They constitute no market. They are of no use to the state. In Alameda county, alone, their care takes 57 cents of every tax dollar. They can be put to productive labor, take themselves off the taxpayer, and become a part of our civilization again. In his Epic plan, Upton Sinclair faces the facts. He asks if we can go on indefinitely voting bonds to support one-fifth of our population by charity. We answer **NO!**

It is significant to note that the Merriam forces in their present slanderous campaign, are spending millions of dollars, not to broadcast their own platform, but to lie about, and pervert the words of Upton Sinclair. Are we intelligent enough to see through this smoke screen of insult? Beyond it there is vested interest, greed and hypocrisy. Millions, contributed by huge corporations, are not to save the **PEOPLE OF CALIFORNIA** from the so-called "Sinclair menace", but to retain a greedy strangle-hold on those very people.

VOTE "NO" ON PROPOSITION No. 13

—the PROHIBITION or so-called local option proposal

It seeks to bring back to California an aggravated form of the Wright Act, repealed less than two years ago by a vote of 1,459,835 to 658,351.

IT WOULD MAKE YOU A CRIMINAL if you possess, transport through, sell, offer for sale or manufacture beverages containing more than 1/2 of 1% alcohol in a single dry precinct.

It would decrease State and National Revenue.

It would increase unemployment.

It would decrease purchases, such as barley, hops, lumber, etc.

Sinclairism—the program of Upton Sinclair and his radical associates — is Communism, cleverly disguised, but deliberately designed to Russianize California state government.

It is rooted in class hatred, fostered and fomented by radicals who boast of their hatred of American ideals and American principles of government.

IF IT IS SUCCESSFUL, IT WILL DESTROY CALIFORNIA'S BUSINESS STRUCTURE, BANKRUPT OUR FARMERS, OVERTHROW OUR ORGANIZED LABOR, CONFISCATE OUR HOMES, WRECK OUR INDUSTRIES AND ROB OUR EMPLOYED WORKERS OF THEIR EMPLOYMENT.

It is a definite, unmistakable attempt to establish a Soviet State in California—to be headed by a Godless Governor, who prates of Free Love, sneers at marriage, slanders our churches and looks forward to the day when (quoting Upton Sinclair's own words) "we may see in America that wonderful sight which we saw in Russia, when Christian monks assembled and burned their holy books"—the day of Revolution!

Your personal security is at issue—the welfare of your home and family; your American citizenship, your rights of self-rule and freedom of worship—your job and your independence.
